*"We are forever grateful for the support you ungrudgingly rendered to many of us, women you have not known, who are so far away and of varied cultures. When many of us had lost hope, were helpless, and stuck in a seemingly impossible situation, you came to our rescue. We are challenged. You have given us a sense of belonging, worthiness and a position in society - things that had almost disappeared. You have truly empowered us and we are committed as change agents to empower many others." *Ten 'Daughters' of Li Tim-Oi in Uganda**
